Make a Difference Day October 22nd

Over the past five years more than 90 pounds of tobacco product waste was collected during the Butt Stops Here cleanup event.

Volunteers will gather Saturday, October 22, for the sixth annual The Butt Stops Here cleanup to remove cigarette butts and other litter from parks.

Volunteer programs for Clark County and the city of Vancouver are coordinating the cleanup, which will be held in conjunction with Make a Difference Day.

The event will begin with a brief orientation and refreshments at 9 a.m. in the Bud Van Cleve Community Room at Luke Jensen Sports Park, 4000 N.E. 78th St. Volunteers will break into small groups and fan out to parks and public areas in Vancouver and unincorporated Clark County. Volunteers must provide their own transportation.

Organizers will have a list of parks, but they encourage volunteers to come with a specific park in mind.

At 11:30 a.m., volunteers will return to the sports park to weigh bags of cigarette butts and enjoy a lunch provided by Blind Onion Pizza.

Since the first The Butt Stops Here cleanup in October 2011, volunteers have removed more than 90 pounds of cigarette butts from our parks and open spaces. Cigarette butts – each weighs about one-tenth of an ounce – are the most commonly found litter in the world and account for an estimated 32 percent of litter in parks and recreation areas.

“Last year, nearly 140 volunteers participated in The Butt Stops Here cleanup,” said Karen Llewellyn, volunteer program coordinator for Clark County Public Works. “We’re expecting another great turnout as we celebrate this important national day of service.”

Volunteers need to dress for the weather and wear sturdy, closed-toe shoes. Volunteers are encouraged to bring their own gloves, but organizers will provide gloves, if needed. Organizers will provide garbage bags.

Volunteers are asked to sign up online at parkhero.org.

Soil Basics for Organic Gardening & Natural Landscaping

Presented by Caroline Swansey, Yacolt Mountain Farm and Nursery LLC learn about soil which is the medium from which life starts and where life ends. My definition of a healthy soil is one which gives plants the ability to grow at a natural rate and fight off diseases and pests without the need for chemical pesticides. Our focus will be on a few key concepts; the most important building blocks and the most practical basics to understanding soils. We will discuss soil science, practical methods to assess our soil, make observations about the health of our soils and use this understanding to guide our gardening practices.

10 a.m. to noon, Sat., October 15, 2016 at CASEE Center, Bldg B, Room 205, 11104 NE 149th St., Brush Prairie, WA. NatureScaping classes are free for members (\$20 per year; \$15 for seniors), or \$15 per class for nonmembers. Register at info@naturescaping.org or marlene52ns@gmail.com or call 360/737-1160.

Support Local Businesses in Hazel Dell

Small and locally owned businesses are the mainstay of our community's economy. The owners of these businesses live and work in our community and have a vested interest in our community's quality of life. Local businesses provide jobs, are a key source of tax revenue to support public services, support our schools, our parks, and are instrumental to the quality of life in our community. They have a vested interest and provide important goods and services to all of us living here in Hazel Dell.

From time-to-time we feature Hazel Dell businesses in our neighborhood newsletter. We want you to know who your local businesses are and what

they have to offer. We urge you to do business with them, support them and in so doing support your local community. Everyone benefits from a strong and solid local economy. Your neighborhood association supports local business and we hope you will, too.

"There has been considerable evidence of Indian habitation in this region. Mattie and Joe Davidson found signs of underground ovens built of rocks on their property overlooking Vancouver Lake backwaters. There were a number of these ovens in a small, smooth clearing."

**Neighborhood Association
Mission:**

The residents of the Hazel Dell area established the NE Hazel Dell Neighborhood Association (NEHDNA) in order to unite the common interests and promote the welfare of the area. The association is involved with a variety of matters, which affect the livability of the neighborhood and community in general.

All residents within the neighborhood association boundaries or neighboring areas not within an existing neighborhood association are

welcome to attend and participate in the association.

If you have any questions or would like more information, please contact one of the officers or board members listed on this page. The NEHDNA does not subscribe to any religious affiliation or political party. Our desire is to work together for the common good of the neighborhood in which we all live. You don't have to live in the area to be a member or to come to the meetings! All are welcome.

Neighborhood Association newsletters are copies free of charge by the Clark County Public Information and Outreach Office. The information and views expressed are solely those of the Neighborhood Association and not Clark County Government or the Public Information and Outreach Office.
